In preparation for graduation, we would like to confirm with you how your name will be listed on your diploma.

Please note that diplomas are official documents and being such the name must reflect either your birth certificate or legal name change documents. The only change that can be made to your name is to substitute an initial for your middle name. For example, if your name is John Andrew Smith and you do not want your full middle name spelled out, it can be changed to John A. Smith. **Changing your full middle name to an initial is the only change that can be made without the student providing new legal documents.**

If we do not receive a diploma card from you, your diploma will reflect the name that is currently listed in your student file. Please complete and return this form to the Counseling Office at your earliest convenience. If your name exceeds the spaces provided, please use the space at the bottom of the page to write in your full name. Please write large and legibly.
