

2015 UCI Cancer Research Institute Youth Science Fellows Program

Program dates: June 29th thru August 7th

Program Description

The UCI Cancer Research Institute sponsors, organizes and administers the UCI Cancer Research Institute Youth Science Fellows program. This fully funded program offers an outstanding opportunity for students to participate in a summer science lab program at no cost to the student. Six week program, Mon-Fri, six hours per day

- Open to **junior or senior** students attending an Orange County high school
- Designed for students who show a strong interest in gaining experience in cancer research
- Students will carry out bench work on research projects under the guidance of faculty, graduate students, postdoctoral fellows and technicians

Student Eligibility

- Must complete in full, and submit program application available at: www.cri.bio.uci.edu in addition:
 - a personal statement describing their interest and reason for applying to the program, typed in 12 font Ariel with one inch margin, single spaced, NOT TO EXCEED ONE PAGE
 - official high school transcripts in PDF format
 - a letter of support/recommendation, in PDF format and on official school letterhead, from a high school faculty member email from school email address to cri@uci.edu with student's name in the subject line of the email
- Students must have completed, at minimum, a high school chemistry/science lab class and a biology class
- If selected for the program, student must provide the following documents:
 - Immunization Records
 - Proof of health insurance
 - Photo ID (California Driver's License/ID card or school identification card)
- If selected for the program, student must complete UCI on-line safety training prior to program start date (information will be provided once admitted to the program)
- Students may not be enrolled in summer school or any other program during this 6 week program

Application Instructions

- Application available on line only at: www.cri.bio.uci.edu
- Submission deadline March 31, 2015 by 5:00pm
